

## SUMMARY

A **passionate** and **motivated software developer** with hands-on experience in **Flutter**, **Dart**, and **cross-platform app development**. Dedicated to creating **user-friendly** and **sustainable software solutions**. Skilled at working **autonomously**, learning **quickly**, and paying attention to **detail**.

## KEY SKILLS

- Flutter & Dart Development
- Project management
- Cross-Platform Mobile Applications
- Front-End & Back-End Development
- Git & GitHub Version Control
- Communication and Team collaboration

## PROFESSIONAL EXPERIENCE

January 2024 – Present

*Cut Wait*, designed to streamline **barber shop operations** by efficiently organizing **customer queues**, specializes in providing **time-saving solutions** for its clients.

### Queue Management Application for Barber Shops

- Designed and developed a **cross-platform mobile app** using [Flutter](#) and [Dart](#) to manage **customer queues** and update **databases** in **real time**.
- Integrated a [MySQL DataBase](#) and a [c#](#) **back-end** hosted on **free-tier servers**.
- Delivered a **user-friendly interface** and implemented **efficient scheduling algorithms** to improve **workflow** in **barber shops**.

March 2024 – June 2024

*Spearheaded the development of a comprehensive service management application for **Aroua Services**, facilitating efficient customer interaction and request handling.*

### Chef de projets

Planning and management of company projects from design to implementation.

- **Spearheaded** the development of a comprehensive **service management application** for **Aroua Services**, facilitating efficient **customer interaction** and request handling.

- Designed a **Flutter-based front-end** with intuitive **navigation** and a **C# back-end** for **real-time data synchronization**.
- Ensured optimal **performance** and **responsiveness** across various **devices**.

### Delivery Colis

Ongoing

*Developed a "colis" (package) management feature using [Vue.js](#) , showcasing **parcel details** with **non-editable fields**, options to **accept/reject packages**, and a visually appealing **interface**.*

- **Delivery Management Application:** Built a Vue.js-based front-end and integrated filtering forms for parcel tracking.
- **Interactive UI with Advanced Filters:** Created responsive UI designs with advanced filtering forms for an e-commerce simulation.

## OTHER RELEVANT PROJECTS

- Designed a navigation system for **seamless transitions** between pages in a Flutter application.
- Implemented filtering systems for application builds/artifacts using [Next.js](#) and JSON virtual databases as part of a technical challenge.

## EDUCATION

### Bachelor's Degree in Computer Science (Ongoing)

Faculté de Science, Monastir

- Focus on **mobile app development** and **web technologies**.

## CERTIFICATIONS

- **Flutter Development Bootcamp with Dart** (2024): Comprehensive training on Flutter's core concepts, UI design, and integration.
- **Git & GitHub for Developers:** Expertise in version control and collaboration tools.

## TECHNICAL SKILLS

Languages: Dart, JavaScript, SQL, HTML/CSS

Frameworks & Tools: Flutter, Vue.js, Node.js, Next.js, Visual Studio Code, Android

**Studio**

**Version Control:** Git & GitHub

**Databases:** MySQL, JSON-based virtual databases

**Other Tools:** Bash, XAMPP, PowerShell

**Languages**

**Arabic:** Native

**English:** Intermediate (B2)

**French:** Intermediate (B1)

**Additional Information**

Enthusiastic about working on projects with meaningful **environmental impact**.

Experienced in **remote work** and familiar with **collaboration tools** .
